You can find the most up to date SEND Code of Practice via:

https://www.gov.uk/government/uploads/system/uploads/attachment_data/file/398815/SEND_Code_of_Practice_January_2015.pdf

Our SEND policy can be found on the academy website: [LEAF Studio School & Sixth Form - Document Zone](#)

LEAF Studio is a mainstream setting and member of United Learning. We are a fully comprehensive, partially selective academy. We believe that all learners should be valued as individuals. We have an inclusive ethos underpinned by our trust values of 'Courageous, Innovative & Excellent'. We offer a broad and balanced academic curriculum. Teaching is adapted to incorporate individual needs and we have in place systems to enable the early identification of barriers to learning and participation. We work hard to ensure equal opportunities for all.

Special educational provision is provision that is 'additional to and different from' that is made generally for others of the same age. This means provision that goes beyond the differentiated approaches and learning arrangements normally provided as part of high quality, personalised teaching. It may take the form of additional support from within a setting or require involvement of specialist staff or support services. All teachers are teachers of learners with SEND and as such provide quality first teaching which takes account of the individual needs of learners with SEND in their class.

2. The four main areas of SEND

The Special Educational Needs and Disability code of practice: 0 to 25 years states that there are four main areas included in Special Educational Needs and Disability.

Communication
and interaction

Cognition and
learning

Social, mental &
emotional Health

Sensory and / or
physical

The boxes beneath highlight some potential areas of challenge and or difficulty. It is worth remembering that these can also be strengths and should be encouraged wherever possible.

Area of Special Educational Need	Relating to difficulties with:
Communication & interaction	Children and young people with speech, language and communication needs (SLCN), other needs such as social, emotional mental health (SEMH), autism spectrum disorder (ASD) may have difficulty in communicating with others. This may be because they have difficulty saying what they want to, understanding what is being said to them or understanding use of social rules of communication. Learners may have: Attention/interaction skills: • May have difficulties ignoring distractions. • Need reminders to keep attention. • May need regular prompts to stay on task. • May need individualised motivation to complete tasks. • Difficulty attending the whole class. • Interaction will not always be appropriate. • May have peer relationship difficulties. • May not be able to initiate or maintain a conversation. Understanding/receptive language: • May need visual support to understand or process spoken language. • May need augmented communication systems • May have frequent misunderstandings. • Repetition of language and some basic language needs to be used to aid their understanding. Speech/expressive language: • May use simplified language and limited vocabulary. • Ideas/conversations may be difficult to follow, with the need to request frequent clarification. • Some immaturities in the speech sound system. • Grammar/phonological awareness is still poor and therefore their literacy can be affected.
Cognition & learning	Support for learning difficulties may be required when children and young people learn at a slower pace than their peers, even with appropriate scaffolding. This could include areas of need such as Specific learning difficulties (SpLD) e.g. dyslexia, Moderate learning difficulties (MLD), Severe learning difficulties (SLD) or profound and multiple learning difficulties (PMLD). Learners may have difficulties with: • Language, memory and reasoning skills • Sequencing and organisational skills • An understanding of numbers

	• Problem-solving and concept development skills • Fine and gross motor skills • Independent learning skills • Exercising choice • Decision making • Information processing
Social, mental and emotional health	Children and young people may experience a wide range of social and emotional difficulties which manifest themselves in many ways. These may include becoming withdrawn or isolated, as well as displaying challenging, disruptive or disturbing behaviour. These difficulties may lead to or stem from: • Social isolation • Behaviour difficulties (ODD/EBD/PDA) • Attention difficulties (ADHD/ADD) • Anxiety and depression • Attachment disorders • Low self esteem • Issues with self-image • Emotional based school avoidance (EBSA)
Sensory and/or physical	These learners may have a medical or genetic condition that could lead to difficulties with: • Specific medical conditions • Gross/fine motor skills • Visual/hearing impairment • Accessing the curriculum without adaptation • Physically accessing the building(s) or equipment. • Over sensitivity to noise/smell/light/touch/taste/toileting/self-care

3. Waves of intervention

The academy provides a range of "ordinarily available provision" to meet the needs of all of our learners. This is a graduated response to each learner dependent on the level of need. These are often referred to as waves of intervention.

4. Key Questions

Who is the Special Educational Needs Coordinator?	The SEND Coordinator is Ollie Yeats Phone: 01202578886 Email: oliver.yeats:@leafstudio.co.uk I am the school's Assistant Vice Principal with responsibility for Special Educational Needs, Behaviour, and for acting as the Designated Teacher for Looked After and Previously Looked After Children. I hold both the National Award for SEN Coordination (NASENCo) and the National Professional Qualification for Headship (NPQH). I have over 11 years of experience across both mainstream and specialist SEN settings, with a strong focus on inclusive practice and ensuring the right provision for every learner. Alongside my school role, I am an active member of the Local Authority SEND Improvement Group and the Alternative Provision Improvement Working Group, contributing to system-wide development and best practice sharing across the area.
How accessible is the academy site?	Our academy operates across two main teaching blocks and a multi-purpose sports hall. The site is modern in design and provides a range of specialist and general classrooms. The main school block is multi-floor with lift access available.

	Handrails are fitted along stairwells. Coloured edging is in place on indoor and outdoor steps to support students with visual impairments. Corridors and classrooms are wide and accessible for wheelchair users. Technology to support students with hearing and visual impairments is available where required. Accessible toilets are located within both teaching blocks. Please see our accessibility plan LINK HERE LEAF Studio School & Sixth Form - Document Zone
How will academy staff support my child?	All teachers will be informed of your child's individual needs and will seek to adapt their lessons accordingly. This will be in the form of a Pupil Passport Within the LEAF, there are a variety of staff roles to support your child: • Tutors • Subject Teachers • Teaching Assistants • Head of Subjects • Behaviour Lead • Head of Year • Attendance Officer • Pastoral Support • SENCo • SLT • Head of School • Executive Headteacher As an academically focused academy, the overwhelming majority of our learners follow a traditional curriculum. However, a small number of learners could have a more personalised curriculum to meet their individual needs, interests and abilities. Personalised curriculums will be through discussion with academy Principals, SENDCo's and where appropriate, local authority caseworkers if an EHCP is present or in the process of being awarded. Where the academy considers it necessary, a learner may be offered additional intervention, in which case you will be informed via letter that provision is being implemented. There are a range of interventions and additional subject support which are ordinarily available and should your child need this, it would be discussed with you directly. This will form part of the Assess-Plan-Do-Review process (diagram included at the end of this report).

	Wave 1: Universal Provision (Quality First Teaching) • Adaptive teaching within the classroom. • Scaffolded tasks to promote independence. • Guidance for staff through Learner Passports. • Differentiated resources and approaches to meet need. • High expectations and personalised feedback. Wave 2 interventions: • Literacy and numeracy booster groups (small group support). • Reading Plus interventions. • Catch-up Maths groups. • ELSA (Emotional Literacy Support Assistant) sessions. • Social skills groups to support communication and interaction. • Pastoral mentoring (short-term structured support). Wave 3 interventions: • 1:1 targeted literacy or numeracy intervention. • Specialist mentoring or counselling (internal or via external agency). • Speech and Language Therapy (SaLT) programmes. • Occupational Therapy (OT) input. • Educational Psychology (EP) assessment and recommendations. • CAMHS involvement for emotional or mental health needs. • Personalised timetables or curriculum adjustments (e.g. reduced options, increased vocational elements). • Multi-agency planning and EHCP requests where needs are complex and long-term.
How will the academy identify if my child has a specific need?	Following completion of baseline assessments on entry to the academy, the results will be analysed by the SENDCo as the 'Assess' element of the graduated approach. From these assessments, it will be identified if they require specific support or provision. On entry to Leaf Studio School, all students complete a range of baseline assessments. These include: CAT4 (Cognitive Abilities Test) – measuring reasoning across verbal, non-verbal, quantitative, and spatial domains. Reading and Spelling assessments – to establish literacy levels and identify gaps. Subject-specific baseline tests – to highlight strengths and areas for development.

	SNAP SEN Assessment-highlight students that need additional support based on teacher observation. The outcomes of these assessments are analysed by the SENDCo as the first step of the 'Assess' element of the graduated response. Where results indicate barriers to learning, this is followed up with teacher observations, parental consultation, and review of prior attainment. As students move through their education, progress is also monitored through Key Stage statutory assessments and internal data collections. Where appropriate, the SENDCo coordinates exam access arrangements in line with JCQ guidance (for example, extra time, a reader, a scribe, or use of a word processor). These are applied for on the basis of evidence from assessments, classwork, and history of need. Where further concerns arise, the SENDCo will support referrals for additional assessments, for example: Educational Psychologist (EP) for cognitive and learning assessments. Speech and Language Therapy (SaLT) for communication needs. Occupational Therapy (OT)/Physiotherapy for sensory or physical needs. Child and Adolescent Mental Health Service (CAMHS) for SEMH and mental health concerns. Hearing/Visual Impairment Services where sensory support is required. The school plays an active role in supporting external referrals by providing detailed evidence of need, including progress data, intervention records, and learner passports. These are collated through the Assess–Plan–Do–Review (APDR) cycle and shared with professionals, parents, and the Local Authority where an EHC needs assessment may be appropriate.
How are academy resources allocated and matched to children's special educational needs?	We ensure that all learners with Special Educational Needs have their needs met to the best of the academy's ability with the funds available. At Leaf Studio School, SEND provision is coordinated through a clear structure of staff roles and responsibilities: • Assistant Vice Principal – SENCo & Behaviour / Designated Teacher (Mr Ollie Yeats) Leads whole-school SEND strategy, statutory responsibilities, and multi-agency work. Oversees the graduated response and provision mapping. • Pastoral Support- Ms Jemma Bellot & Ms Beth Kempton- Focus on targeted support, intervention coordination, and ensuring effective communication with families for safeguarding and SEMH.

	• Teaching Assistants / Learning Support Assistants Deliver in-class support and small-group interventions, prioritising core subjects and identified learners. • Pastoral Team and Heads of Key Stage Work closely with the SEN team to support SEMH needs, behaviour, and attendance. Our approach to support is guided by the graduated response (Assess–Plan–Do–Review): • Teachers remain responsible for the progress of all learners in their class through adaptive teaching. • Additional interventions are coordinated by the SENCo and support team where needs are identified. • Parents and pupils are central to the planning and review process. • Specialist external professionals are engaged where more individualised provision is required. This structure ensures that provision is layered, responsive, and consistent, so that every learner has the opportunity to succeed academically, socially, and personally.
How will I know how my child is doing and how will you help me to support my child's learning?	All Parents will receive a termly report from subject staff Parents' evenings are held at specific points in the year and in addition to these the SENDCo is available for parents to request a meeting. This will be either virtually or in person depending on availability. Learners with an Education and Health Care Plan (EHCP) will have regular meetings (as required) with the SENDCo together with an Annual Review in line with the Code of Practice 2015 (updated). We consider that the parents/carers' views are a vital part of the review and therefore request parental/carers attendance at the meetings and the completion of parental paperwork prior to the meeting.

How will my child be able to contribute their views?	If your child has an EHCP, their views will be sought before review meetings. Those with an EHCP can highlight key information that they wish staff to be aware of, including how to best support them within the classroom. This will be added to their passport and be available for all staff to view and implement. We value and celebrate children being able to express their views on all aspects of school life. Learners are encouraged to share issues with: • Class teacher • Tutor • Head of Year • Pastoral Leads- Mrs Bellot & Mrs Kempton • SENDCo- Mr Yeats Learners are encouraged to: • Attend extra-curricular clubs • Take an active role within group activities • Take part in pupil voice activities • Attend review meetings • Contribute to target setting and reviewing
What support will there be for my child's overall wellbeing?	All staff at Leaf Studio School receive training to deliver high-quality pastoral care. The academy adopts a whole-school approach to ensuring that all learners make excellent academic progress and that their individual needs are catered for. The Pastoral Support Team specialises in child welfare and is the first port of call for staff, learners, and parents who require advice, support, or guidance regarding wellbeing. Attendance is rigorously monitored. If attendance falls, families will be contacted by the academy's Attendance Officer, and — where necessary — additional support will be implemented to help improve attendance and engagement. Wellbeing Interventions Offered at Leaf Studio • ELSA (Emotional Literacy Support Assistant) sessions • Pastoral mentoring (1:1 and small-group support) • Time-out cards for emotional regulation • Social skills groups • Exam stress workshops • Support for transition and exam preparation The academy is mindful of the need to safeguard the wellbeing of all learners. Management of first aid arrangements includes: • Ensuring staff receive up-to-date first aid training. • Provision of accessible first aid equipment across the site. • Recording and monitoring of all first aid treatment.

	Where necessary, the academy works with parents/carers to write Individual Health Care Plans (IHCPs). These are coordinated by the SENDCo and the Pastoral Team, shared with relevant staff, and reviewed regularly to ensure medical and wellbeing needs are fully supported. If your child finds lunch or break times challenging, adjustments will be made wherever possible. While 1:1 spaces cannot always be guaranteed, supervised quiet areas are made available to provide support during unstructured times. Leaf Studio has a Designated Mental Health First Aider and is working towards becoming an accredited Trauma-Informed School. This reflects our commitment to placing mental health, resilience, and emotional wellbeing at the heart of our provision.
What specialist services and expertise are available or accessible by the academy?	We have access to the following specialist services and expertise: • School nurse • Counselling- accessed externally • Mentoring • ELSA • Speech & Language therapy • Young Carers - accessed externally • Medical – GP, Hospital • NHS outreach • Bereavement Counselling- accessed externally • Educational Psychologist • Mental Health – CAMHS / COBS etc • Social Services Where a learner has an EHCP, the academy maintains close liaison with professionals that are involved from the local authority such as specialist teachers, speech and language therapists and occupational therapists.
What training have staff supporting learners with SEND had or having?	All teaching staff have qualified teacher status or are working towards this through a recognised training. Training for staff supporting learners with SEND is considered essential by United Learning. There is an ongoing programme of training for teaching assistants within SEND that is completed at an academy level but also from a multi-academy trust (MAT) perspective. SEND forms part of the new staff induction programme for ECTs or teachers new to the academy. In addition, there is regular training in first aid, child protection and safeguarding, and any looked after children on roll. Where needed training is updated annually and responsive to learner needs. Advice and guidance from outside agencies are shared with teaching staff. At the start of the year all staff are made aware of the learners

	with identified SEND and how to find information relating to them to best support them in and out of the classroom. All staff have access to support plans/passports via provision map detailing specific strategies and interventions which best allow them to support everyone within the classroom.
How will your child be included in activities in the classroom? How will needs be accommodated for external trips and visits?	All staff running trips are trained by the academy's Education Visit Coordinator (EVC) and must complete risk assessments including specific details of how to support learners with SEND. All learners are encouraged to be fully involved in all areas of academy life. Where appropriate, those with an Education and Health Care plan will be supported to ensure access and participation and appropriate reasonable adjustments made. All clubs and trips are open to learners in line with a suitable risk assessment being carried out. Individual arrangements will be discussed with parents in advance. Where a learner has a physical/medical need/s, any issues around trips and activities will be discussed in advance and addressed with parents. This includes overnight and residential visits.
How will the academy prepare and support my child to transition to and from the academy?	For learners transitioning to a new educational phase, we liaise with previous schools/settings and/or teachers and provide additional transitional support if it is needed. This is arranged on an individual basis and tailored to the needs of the learner/s. Meetings with the SENDCo are available at parents' request and encouraged for all learners attending with an EHCP. Leaf Studio has open evenings twice a year that can be found on the school website to book your attendance. If a learner has an EHCP, then the academy would want to be present at the annual review meeting to support target setting and be introduced to all professionals supporting the learner and establish an early relationship.
Who can I contact for further information?	The following points of contact are available at For academic concerns: office@leafstudio.co.uk For pastoral concerns: LSSafeguarding@leafstudio.co.uk If your concern is in relation to your child's Education and Health Care Plan, please contact the SENDCo. If not, then in the first instance contact the class teacher, subject teacher and your child's tutor who may refer your concerns to a more senior member of staff where required. If your concern relates to your child's special educational need/s, please contact the SENDCo directly.

	Should you wish to make a formal complaint regarding an issue at the academy, please follow the complaints policy, which can be found on the academy website: Statutory information About us United Learning Should you require further support and guidance from an impartial advisor, SENDIASS BCP will be able to offer support, information and guidance for you as a parent. You will be able to find out more information at https://sendiass4bcp.org/.
How else can I be involved?	We need you to support us by encouraging your child to fully engage with their learning and any interventions offered by: • Helping them to be organised for their day (including bringing the right equipment and books) • Full attendance and good punctuality • Supporting with reading at home • Completion of homework • Attending parent's meetings • Attending any meetings specifically arranged for your child • Ensure that any interventions to complete at home are encouraged and supported • Engage with individualised home communication methods where they are implemented
What support is there for improving behaviour, attendance and avoiding exclusion?	As an academy, we have a very positive approach to all types of behaviour with a clear reward and sanction system that is followed by all staff. If a child has behavioural difficulties a Support Plan is written alongside the child to identify the specific issues, put relevant support in place and set targets. This document is the responsibility of Heads of Year and reviewed as agreed at the first meeting. The attendance of every learner is monitored daily. Lateness and absence are recorded and reported on. Good attendance is actively encouraged throughout the school. If a learner's attendance falls below 95%/ academic concerns, contact will be made by the school in the form of a letter / telephone call. In extreme circumstances the academy may use the support of United Learning's attendance lead.
How is the Trust's Governance involved and what are their responsibilities?	The Director of School Improvement (SEND) and Head of SEND & AP lead will complete termly assurance with every academy, which is reported on to United Learning's committee on a termly basis. The Director of School Improvement (SEND) will meet regularly with the SEND trustee to report on statutory duties. The SENDCo provides assurance reports to the Director of School Improvement (SEND) and Head of SEND & AP. They are kept informed about SEND developments and take an active interest in the work of the SEND departments across United Learning. The SEND trustee does not have access to information about individual learners or become involved in individual cases.

	In the unlikely event that a concern cannot be resolved by the SENDCo and/or the Principal then the United Learning SEND team can be contacted at the request of parents.
--	---

5. Additional information

Please find beneath a model of the Assess-Plan-Do-Review process that we follow in the SEND department.

6. Glossary of SEND acronyms & abbreviations

ADD	Attention deficit disorder	LAC	Looked after child
ADHD	Attention deficit hyperactivity disorder	LO	Local offer
ASD	Autistic spectrum disorder	MLD	Moderate learning difficulty
CAMHS	Child and adolescent mental health service	ODD	Oppositional defiant disorder
CIN	Child in need	OT	Occupational therapist
CoP	Code of practice	PDA	Pathological demand avoidance
CP	Child protection	PEP	Personal education plan (for looked after child)
CYP	Children and young people	PEEP	Personal emergency evacuation plan
EAL	English as additional language	PMLD	Profound and multiple learning difficulties
EHCP	Education health care plan	PP	Pupil premium
EP	Educational psychologist	SALT	Speech and language therapy
EYFS	Early years foundation stage	SDQ	Strengths and difficulties questionnaire
FAS	Foetal alcohol syndrome	SEND	Special educational needs and disabilities
FASD	Foetal alcohol spectrum disorders	SENDCo	Special educational needs and disabilities coordinator
GLD	Global learning delay	SLCN	Speech language and communication need
HI	Hearing impairment	SLD	Severe learning difficulty
HLTA	Higher level teaching assistant	SpLD	Specific learning difficulty
IEP	Individual learning plan	SPDs	Sensory processing disorders
IRP	Independent review panel	TA	Teaching assistant
ISP	Individual support plan	VI	Visual impairment
SENDIASS	Special Educational Needs Disability and Advice Service
